

WAIVER HAS BEEN APPROVED

****Please print this screen for your records as evidence of your waiver application approval. You will not be able to return to this screen.****

Transaction#: 360041

Submission Date: 8/7/2017

Campus Name: University of California Irvine

Your UC SHIP waiver has been approved for all applicable terms in the 2017-2018 academic year. A new waiver application will need to be submitted each academic year.

Even though you are not enrolled in UC SHIP, as a registered student, you are still eligible to receive services at Student Health Center. Services are available at the Student Health Center regardless of insurance coverage.

University of California Irvine *requires* all eligible students to have adequate health insurance with medical and behavioral health benefits. The waiver application questions you completed are based upon the University's required minimum health care criteria for all registered University of California students.

Your UC SHIP waiver has been approved with the understanding that you will maintain comparable health insurance at all times during the waiver period. If your health insurance is terminated during this time, you are required to notify the Insurance Office at the Student Health Center, so that UC SHIP can be initiated.

A random sample of applicants will be required to provide a copy of their health insurance identification card or other documentation as proof of insurance. If you fail to provide documentation when asked, your approval will be cancelled, you will be enrolled in UC SHIP, and the appropriate fee will be billed to your student account.

Please note, minimum benefit standards represented in this waiver application may be revised for future waiver periods if health care legislation or university policy requires such a change.

Products and services are offered through Wells Fargo Insurance Services USA, Inc., a non-bank insurance agency affiliate of Wells Fargo & Company, and are underwritten by unaffiliated insurance companies. Some services require additional fees and may be offered directly through third-party providers. Banking and insurance decisions are made independently and do not influence each other.
